

A woman with blonde hair tied up in a bun, wearing a white top and black pants, is sitting on a wooden pallet. She is holding a blue bowl of cereal in her right hand and a magazine in her left. The magazine features various images and text, including the words "CITY OF THE FUTURE". The floor she is sitting on is covered in a decorative aggregate coating that looks like small, multi-colored stones. To her left, there are large green fern-like plants. To her right, there is a red cushion with a white pattern. The overall scene is outdoors and appears to be a lifestyle or home decor setting.

ICEMENTRETE®

Manufacturers of Distinctive Decorative Coatings

EXPOSED AGGREGATE

Cementitious decorative aggregate coating

Exposed Aggregate mix is a thin decorative stone cementitious bound system. Ideally suited for external residential and commercial applications such as al fresco retail shops, restaurants, patios, walkways, driveways, pool surrounds, etc. where minimum maintenance and reduced slip-resistance is required.

Benefits

- Durable
- Aesthetically pleasing
- Easy to clean and maintain
- Abrasion and impact resistant
- Non-slip & UV stable
